**Attention** - please check the "Summer Basketball" tab on the website to access the summer calendar as well as the summer basketball program document. Both contain important information including necessary physical forms, cost to participate, communication and schedule. If you made the roster but will not be able to participate for any reason please let Coach Donnelly (mikedonnelly@dcsook.org) know ASAP so we can make arrangements to include an alternate on the roster. The week of May 19th we will be loading the roster into the new district communication platform called Parent Square. You should receive an update with further information early next week once we get the new communication platform up and running. A reminder to anyone that did not make the roster, if you are interested in participating in the lifting and open gym option the cost is \$100. We will hold another tryout within the first 10 days of the start of school in August to form the final roster for the 2025-26 school year.
